4800 Series Inkjet Printers

KODAK PROFESSIONAL Large Format 4842 and 4860 Inkjet Printers
Get High-Speed, Eye-Catching Print Quality

Printing wide format inkjet output just got easier. Get fast speeds that will boost your production as well as consistently dazzling prints. It's all there—the new KODAK PROFESSIONAL Large Format 4800 Series Inkjet Printers, EI Media, EI Inks, and software—a total output solution.

Save time and increase productivity with the KODAK PROFESSIONAL 4842 and 4860 printers. The increased accuracy of MicroBurst™ technology means fewer passes to produce the high quality typically associated with more passes and longer print times. In combination with a variety of KODAK PROFESSIONAL EI Premium Papers and Films, KODAK PROFESSIONAL EI Lightfast-Plus Dye Inks provide market-leading print life without sacrificing color gamut. A new set of superior pigment-based inks provide increased outdoor print durability and improved reliability.

- World-class light stability **and** best-in-class color gamut
- Excellent image quality
- Faster print speeds—up to 132 sq/ft per hour
- On-board dryer
- Dual ink delivery lines
- Easy cartridge replacement
- Rapid on-the-fly ink changeovers

Kodak Professional

4800 Series Inkjet Printers

KODAK PROFESSIONAL Large Format 4842 and 4860 Inkjet Printers

Feature	Advantage	Benefit
• 600 dpi writing system	• Excellent image quality with less print time vs. higher resolution printers	• Higher quality output in less time • Increased productivity
• Fastest printing in its class (up to 12.4 square metres per hour [132 sq/ft per hour]) in production mode	• Faster than other 42- and 60-inch printers	• Increased productivity
• REAL-TIME INTERPOLATION (RTI)	• Allows 300 to 600 dpi RIP file conversion on the fly	• Faster RIP times mean increased productivity and efficiency
• 12 ink lines, 8 thermal inkjet heads	• Flexibility	• 2 x 4 printing for increased productivity
• Automated take-up reel, on-board dryer	• Allows unattended use	• Increased productivity reduces labor costs

Printer Specifications

- Processor: PowerPC
- Comes standard with IEEE 1284 Bitronics ECP
- Comes standard with integrated 10/100 Base-T network print server
