## Flexible, fast, and frugal.

### Product Description

Here's a film scanner that performs high-quality digital scans for a wide variety of image conversion needs. Its multiformat (3570) configuration provides up to a 2 x 3 K resolution scan. At 12 bits per channel, it delivers exceptional color fidelity and image detail. When combined with a long-roll film-handling system, it gives you a considerable boost in productivity. All at an extremely reasonable price.

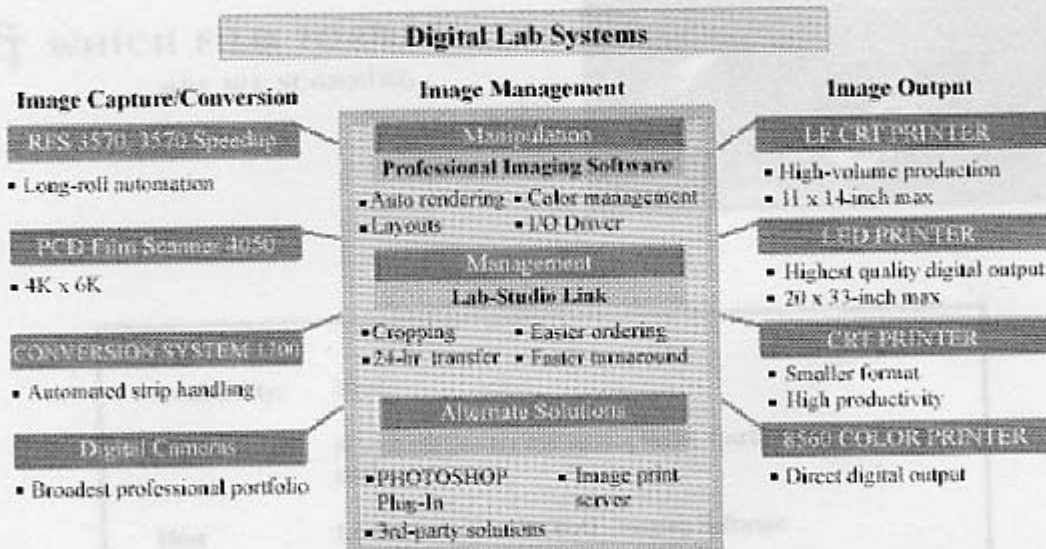

### Key Features and Benefits

- Scans color and black-and-white 35 mm, 46 mm, 70 mm, and 120 formats, positive or negative
- Kodak's area array sensor technology handles a full-frame 18 MB image in less than a minute, a full-frame 4.6 MB image in 15 seconds
- Long-roll automation is a breeze with available film-handling systems
- Automatic color correction optimizes first-time scans for color balance, density, and contrast
- Custom-designed lenses offer exceptional image sharpness and improved depth of focus

Contact your Kodak representative for information about the scanner speed-up kit.

### Specifications

- Handles any user-specified resolution up to 2000 ppi
- Produces color scans in less than one minute at full resolution; about 15 seconds at half resolution for 35 mm format
- Operates with SCSI interface
- Interface cards needed: MACINTOSH Computer-none; IBM- or PC-compatible-Future Domain or ASPI-supported, SCSI host adapter card
- Requires 8 MB RAM for MACINTOSH, IBM, or PC-compatible computer (32 MB RAM or more recommended for fastest scan speeds)
- Acquires 12 bits for each color channel
- Includes ADOBE PHOTOSHOP Software for MACINTOSH Computers and PC TWAIN Acquire Modules
- CSA (NRTL/C) Deertified to both U.S. and Canadian standards; TUV
- Electrical requirements: 120V, 60 Hz, 1.0A; 100V, 50/60 Hz, 1.0A; 220/240V, 30 Hz, 0.5A
- Dimensions: W: 13.25 in. (33.7 cm), L: 21 in. (53.4 cm), H: 8.0 in. (20.3 cm)
- Weight: 16 lbs., 13 oz. (7.5 kg)

This portfolio is just the start of an ongoing product stream targeted at your future portrait / social applications
